Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Monday 16 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly fine, if on the cloudy side at times.

Today:
Brightest early and late, otherwise on the cloudy side. The odd fleeting light shower may affect the west at times, but it should be dry on the whole. Breezy, with temperatures a little below average. Maximum temperature 19 deg C (66 deg F).

Tonight:
Fine but breezy during the evening with clear spells. Becoming cloudier from the northwest later in the night, with a little light rain and drizzle possible in places by dawn. Minimum temperature 12 deg C (54 deg F).

Tuesday:
Perhaps damp in places to start, but becoming largely dry, if cloudy and breezy. The far south and southwest should be brightest, with the best chance of limited sunny spells. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
A quiet but rather cloudy spell of weather, with Friday perhaps brightest. Temperatures around average to rather cool, although some mild nights are likely given more extensive cloud cover.
